DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Benjamin J. Hauptman on September 26, 2005.

The application has been amended as follows:

In the claim:

- a) Cancel non-elected claims 8 – 11, 14 – 17 and 20 – 23.
- b) Claim 1, line 5, after "structure" delete [and] insert --, said at least one electrode being--.
- c) Claim 1, line 10, after "to" delete [the bump] and insert --one of the bumps--.

REASONS FOR ALLOWANCE

3. Claims 1 – 7 and 24 – 27 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Art Unit: 2815

The prior art of record does not teach or suggest, either singularly or in combination, at least a first chip on a second chip; at least one electrode for cooperating with moveable structure on the first chip that is disposed on the second chip; a spacer ring surrounding the moveable structures that is disposed between the first chip and the second chip; a plurality of bumps on pads of the first chip; first surfaces of leads are connected to the bumps; and an encapsulant encapsulating everything except the second surface of the leads. Glenn et al. (U. S. Pat. No. 6,522,015) teaches a first chip on a second chip and a spacer ring surrounding the moveable structures and disposed between the first chip and the second chip. Hsuan et al. (U. S. Pat. No. 6,239,366) teaches bumps on pads of the first chip and a plurality of leads connected to the bumps. However, Glenn et al. and Hsuan et al. do not teach bumps on pads of the first chip having moveable structure and the second surface of the leads are exposed out of the encapsulant as set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chris C. Chu whose telephone number is 571-272-1724. The examiner can normally be reached on 11:30 - 8:00.
